Sigh!

The just passed Christmas Vacation being much, much too enjoyable makes the prospect of school, and in particular exams, a very gloomy one. But wait, there is one glimmer of hope remaining. Anyone interested in organizing or having an informal non-alcoholic party in the Richards Lounge on Saturday night after the Penn State wrestling match see George Dolan. Dates may stay in the lounge until midnight.

BIOGRAPHIES

Russell E. Borner, Jr.

Russ Borner was born in a hospital; at Rockville Centre, Long Island, and lives with nature in the foothills of the Catskills in Monroe, New York.

His educational record shows a great career in various New York reform schools including Roosevelt High School, where he was vice president of the student body.

Russ came to Lehigh "because of the great arts college", and is studying the art of business administration. His campus activities include: Gryphon treasurer elect, Sophomore class treasurer, Arcadia Associates, and Arcadia Travel Committee.

His hobbies include strong advocation of the opposite sex, and an amateur interest in archeology. Russ likes honest people, friendly girls, a quiet night before the fireplace, Ray Conniff music, fraternity pledges that depledge, and more friendly girls.

Dislikes include the pitter-patter of little freshmen's feet, the credit system of education, and a world without women.

Future plans are the U.S. army, followed by work in public relations or sales. Russ has three secret ambitions; to marry all three girl friends, to write a book concerned with the immigration of American people to Wales, and to be Treasurer of the United States.

Michael F. Jarvis

Michael Frederick "Portner" Jarvis, born on the sunny shores of Philadelphia, has lived most of his life in Cheltenham, Pa. He was an active member of the stage crew and student council at Cheltenham High School and had, in his words, "a general good time."

Mike is an M.E. here at L.U., in which curriculum he has excelled. He is currently secretary of Phi Eta Sigma, the Gryphon steward, and an active member of Alpha Phi Omega. The Port would like to enter some sort of research or experimental work after finishing at Lehigh.

In his spare time, Mike enjoys fishing, camping, do-it-yourselfing, and vacationing. He is looking forward (3 weeks, 4 days, 16 hours) to seeing another of his likes, a certain Penn State sophomore.

As far as dislikes go, Mike has very few. They include the Brown and White, UC veal cutlet, and a certain four flights of stairs leading up to his penthouse in Dravo B4.

NOTICES

To correct a mistake in the last issue of The Pricked Ear, the first sentence of the second page should read: The Fail-Pass Ratio is....the number of students who failed the course divided by the number who received valentines in it, but passed. We will again bring up this subject when it becomes pertinent next semester, and examine it more thoroughly.

Volley ball tonight Tuesday, at 7:45 P.M. with A.L.O. and again at 6:45 P.M. on Thursday with B-1. Let's get out there and show some Gryphon Spirit.

Next Banquet this Thursday at 5:30 P.M.

Next Thursday, January 14, there will be a banquet for the installation of new officers. For $1.85 you can enjoy a delicious chopped sirloin dinner (no choice) at 5:30 P.M.

Bob Bierley would like all outstanding lists of "working" students as soon as possible.

When there are Gryphon edibles being stored in the Richards lounge let us refrain from consuming them except at scheduled parties. Remember we all paid for them and it is unfair for only a small group to derive the benefit from it.
